

Keystone, Colorado

by Bob Suravage

Summit County, Colorado, home to Keystone Resort, is not only one of North America's premier ski destinations, but one of the VERY BEST for late season skiing. Why? March is historically Colorado's snowiest month, and the base/peak elevations often retain excellent snow quality into early Spring for fantastic skiing. Keystone Resort's slope side River Run Village will be our destination, just steps away from over 3000 acres of skiing and 20 lifts over three mountains for all levels. Just two miles away is Arapaho Basin, "The Legend" of the Rockies for late season skiing. Not to mention Breckenridge Resort, just a short shuttle ride to another 2300 acres and 30 lifts. Not enough for you? How about a day at Vail Resort, included in the 4-day lift pass.

One walk through the center of River Run Village and it is clear why River Run Condominiums are the most popular lodging units at Keystone Resort. River Run Condominiums consist of two bedrooms / two baths, living room with gas fireplace and full kitchen. Amenities include hot tub, ski storage and on-site laundry. Great shopping, dining, and galleries are right out your door. All units are only a short walk to all skier services including Keystone's River Run Gondola and Summit Express High Speed Quad. Resort transportation in and around Keystone, as well as the Summit County Stage, is right at the entrance of River Run Village.

A note about our condos, roommates and occupancy: these are two bedroom / two bath condos. Bedroom #1 has two beds (twins) and shares one bath, and is available for TWO SINGLE INDIVIDUALS. Bedroom #2 has either a king or queen bed and another bathroom, and is available for COUPLES, or as a private bedroom/bathroom for ONE SINGLE INDIVIDUAL at the "single occupancy" rate listed above. So, some condos may have three total roommates and other condos four total roommates. With **32 participants total**, there is a limited number of spaces for single and double occupancy bedrooms.

The trip price includes:

- ❖ Round-trip, non-stop air transportation between Phila. and Denver via United Airlines (please see info sheet for current flight times)
- ❖ Ground transfers between Denver International Airport and River Run Village @ Keystone Resort with a 30 minute liquor/grocery stop on arrival day
