Utah, home of the greatest snow on earth! Annually, over 500 inches of snow blanket the varied slopes of Utah's mountains. *But depth isn't everything*—Utah's snow is different; it's the lightest and fluffiest snow anywhere—it *defines powder!*

Of all the mountains in Utah, Snowbird and Alta are arguably the best. Snowbird is a world-class resort by itself, with 3240 feet of vertical and 2500 acres of skiable terrain for every ability level. We'll be staying at the fantastic Lodge at Snowbird, which features a year-round heated pool, steam room, whirlpools, laundry facilities, a lounge, and restaurant. The room for two has daily maid service and an exterior balcony.
