Waterville Valley is New Hampshire's genuine ski resort in a natural snow pocket in the White Mountains and surrounded by other 4,000 footers. To ski Waterville Valley is to **love it. Love is the thrill of the first ski run of the day** down White Caps. It's a powder snow day on Ciao. Love is carving down Waterville's wide open blue called Tippecanoe. It's Exhibition and Little Slammer Terrain Park. Love is Waterville's passion for perfect snow and creating the perfect ski day. With 52 ski trails, served by 12 lifts, with a 4,000 ft. summit, Waterville Valley is one of the highest **mountains** in New England with a 2,020 ft Vertical.

The Town Square Condos combine the luxury of comfortable lodging with the convenience of one of the Valley's best locations in the center of our self-contained mountain village with an assortment of shops, dining and entertainment just footsteps away.

Loon Mountain: Loon has broken out of its Miss Congeniality role and leapt into the East's top 10. Skiers appreciate the "Excellent Lifts" and variety of trails. The addition of Ripsaw has boosted its expert appeal. Investment in grooming and snowmaking have delivered great conditions and the new South Peak trails offer a different vantage point, broadening Loon's "awesome" White Mt. views.

The trip price includes:

- ❖ Round trip motor coach transportation from Cherry Hill to Waterville Valley, New Hampshire
